Welcome

Starting school is an important step for every child and their family. This booklet aims to provide all of the information you need to complete the application for a place in a reception class. Please do not hesitate to contact the **School Admissions Team** or **Family Information Service** if you have any queries or concerns.

I wish your child every happiness and success as they start school.

Councillor Andrew Wallis
Portfolio Holder for
Young People

Why not apply online?

- The online application system is quick, simple and secure.
- You can make any changes right up to the deadline.
- The system will generate an immediate confirmation that your application has been submitted successfully.
- You will be able to receive your child's allocation details by email on the allocation date so you don't have to wait for the post.

Family Learning – what's it all about?

Do you understand the teaching methods and language used today? Can you help your child with their studies to help them achieve at their level?

Family Learning delivers free courses across Cornwall to help parents and carers get back in touch with the school curriculum, support their children's learning, meet other parents and generally have a fun time learning and updating their skills.

They also offer short 6 to 10 hour courses focusing on starting Primary and Secondary School – aimed to help you and your child look forward to this new chapter in their lives.

All Family Learning tutors are DBS cleared for working with vulnerable children and adults.

To find out about free Family Learning courses in your area either call them on 01872 327519 or look at the Cornwall Family Information Service website and type Family Learning into their search box: www.cornwallfisdirectory.org.uk

About starting school

When do children start school?

If you have a child born between **1 September 2011 and 31 August 2012**, they will be eligible for a full-time place in a reception class from September 2016. This is a national offer for all children who have a birthday within these dates.

Does my child have to start school full-time?

Places in reception will be allocated as full-time from September 2016. However, if you wish to ask for part-time admission, **you must do so as soon as possible after receiving your notification of a place and before the end of the summer term 2016** by contacting the school. Please note that if you wish to combine a part-time school place with any other provider, your child's free entitlement will be used to pay for the school provision. There may therefore be an additional charge from the provider of any other care should the total equate to more than 15 hours per week.

What if I want my child to start school earlier than outlined above?

Children below compulsory school age or below the age for consideration for a reception class place are entitled to free funded places for nursery education for up to 15 hours per week. This provision is quality assured and Ofsted inspected and would be expected to meet the individual needs for children including those who could be 'gifted and talented' or who have Special Educational Needs. Therefore these children would not be expected to start school early.

What if I want my child to start school later than outlined above?

Compulsory school age starts at the beginning of the term after a child has their fifth birthday. You are entitled to defer your child's entry to school as detailed in the table on the next page. You can also request that your child starts in the reception class a year later than normal – this decision is made on a case-by-case basis. For more information visit the 'Deferring or delaying admission to school and educating pupils out of their chronological year group' page at www.cornwall.gov.uk/admissions or contact the School Admissions Team for copies of the Council's information documents.

About starting school – information table

Child born	Compulsory school age
Between 1 September and 31 December 2011	Compulsory school age from January 2017 You can defer the school place until January 2017 – the school place will be held for you once you let the school know.
Between 1 January and 31 March 2012	Compulsory school age from April 2017 You can defer the school place until January 2017 or April 2017 – the school place will be held for you once you let the school know.
Between 1 April and 31 August 2012	Compulsory school age from September 2017 You can defer the school place until January 2017 or April 2017 – the school place will be held for you once you let the school know. You can also legally defer the school place until September 2017 BUT the offer of a school place will be withdrawn and you will need to reapply for a place in year one. This will be treated as a new application and you need to make this in the summer term 2017 and there is no guarantee that a place will be available at your preferred school. Please note that if you decide to request a place in a reception class rather than year one in September 2017, having deferred the place for a year, this would be called delayed admission and needs to be agreed by the admission authority (see Glossary at the end of this booklet for definition of admission authority), usually in consultation with the Local Authority and other professionals. For more information visit the 'Deferring or delaying admission to school and educating pupils out of their chronological year group' page at www.cornwall.gov.uk/admissions or contact the School Admissions Team for copies of the Council's information documents.

Applying for a school place

Who is responsible for admissions?

Cornwall Council co-ordinates applications for all schools in Cornwall using a process set out in the 'Co-ordinated Admissions Scheme' and summarised in this booklet. Cornwall Council works in line with the School Admissions Code 2014. Each school has an 'admission authority' which sets the priority order they will use if there are more applications than places available – the 'oversubscription criteria'. Cornwall Council is the admission authority for community and voluntary-controlled schools. For foundation, trust and voluntary-aided schools the admission authority is the school's governing body and for academies it is the academy trust.

Why list more than one school preference?

The application form allows you to list up to three schools in order of preference. All of your preferences will be considered equally against each school's oversubscription criteria and if we are able to offer a place at more than one of your preferred schools we will offer a place at the one you have ranked highest. **Naming a second or third preference does not give you any less chance of getting a place at your first preference school.** If you do not name a second or third preference and we are not able to allocate a place at your preferred school then we will allocate a place at the nearest school with a place available. It is **strongly recommended** that at least one of your preferences should be your nearest or designated school.

Please be aware that 'expressing a preference' is not the same as 'choosing' a school. Whether or not your preference can be met depends on the availability of places and your priority for a place according to the oversubscription criteria.

Deciding your preferences

Before you make your decision regarding the school(s) you prefer for your child, you may wish to visit several schools in order to find out more about them. You should contact the school(s) direct to arrange this. You could also have a look at the school's website or ask for a copy of their prospectus.

What about designated (catchment) areas?

Cornwall Council has divided the County into geographical areas called 'designated areas' which are each served by a specific school or schools. **Please note: your designated school may not always be the one nearest to your home address.**

Special arrangements apply in eight towns in the County where it has been agreed that a number of schools in the same town will be treated as if they have one designated area. These towns are: Camborne, Falmouth, Hayle, Helston, Saltash, St Austell, Truro and Wadebridge. (It should be noted though, that for parents living outside the designated town area in Camborne or St Austell, there will still be only one designated school for their address.)

In these towns, no one school will be designated in relation to your child's address, however, priority to the school will depend on whether or not the school has listed designated area children in their oversubscription criteria.

Please note that some schools may not include designated area in their oversubscription criteria. However, **entitlement to transport to these schools will still be determined by Cornwall Council with regard to whether the school is in the designated area for your address or is your nearest school.**

If you want to identify the designated school(s) for your address, visit www.cornwall.gov.uk/admissions or contact the School Admissions Team.

What are the disadvantages of not choosing a designated school as one of my preferences?

Although some schools may not include designated area children in their oversubscription criteria, **entitlement to transport to these schools will still be determined by Cornwall Council with regard to whether the school is in the designated area for your address or is your nearest school.**

If your child attends a primary school that is not a designated school for your address, it is possible that your child will have a designated secondary school that is different from most of their classmates. This may mean that your child will not be able to transfer to the same secondary school as the majority of their friends.

If your application for a place at a primary school which is not your designated school is successful, there can be no guarantee that there would be places available for younger siblings at a later date. Some schools still give priority to children living in the designated area above children who already have siblings attending the school.

What if I want a school outside Cornwall?

If you live in Cornwall you need to apply to Cornwall Council for your preferred school(s) even if one (or more) is not in Cornwall. Cornwall Council will ensure your application is forwarded to the appropriate local authority. You should also contact the school(s) for details of any additional information that they may require from you to determine your child's priority for admission, to be returned direct to them.

What do I do if I live outside Cornwall?

If you live outside Cornwall but you wish to apply for a school in Cornwall as one of your preferences, you should apply to your home local authority. They will ensure we receive a copy of your application. If you live overseas but are planning to move to Cornwall by September 2016 you can apply direct to Cornwall Council.

What if my child already attends an early years setting/nursery at my preferred school or I have registered an interest in a school – do I still need to apply?

Yes - you must still complete an application for a place, places are not guaranteed on the basis of attending an early years setting/nursery or expressing an interest in a school. Attendance at a linked nursery/early years setting may not give you any priority for a place at that school if it is oversubscribed – you should check the school's oversubscription criteria for this.

What is considered to be my child's 'home address'?

Each child can have one registered address only for the purposes of determining priority for admission and transport entitlement. This address should be the place where the child is normally resident at the point of application or evidence of the address from which a child will attend school, in the form of written confirmation of a house purchase or a formal tenancy agreement. Exceptional circumstances in relation to the provision of a home address will be considered on a case-by-case basis. If there is shared residence of the child or a query is raised regarding the validity of an address, the LA will consider the home address to be with the parent with primary day to day care and control of the child. Residency of a child may also be clarified through a child arrangement order where it is shown who has care of the child. Evidence may be requested to show the address to which any Child Benefit is paid and at which the child is registered with a doctor's surgery.

It is expected that parents will submit only one application for each child - any disputes in relation to the child's home address should be settled before applying, the admission authority will not become involved in any parental disputes if agreement cannot be obtained before an application is made then parents/carers may need to settle the matter through the courts. Where no agreement is reached or order obtained, the admission authority will determine the home address. Please note the additional information under '**Fraudulent applications**' and the '**Data Protection Statement**' within this booklet in relation to providing a home address.

Fraudulent applications

Please note that if you make a false statement or omit any relevant and appropriate information in your application you could be subject to investigation and may potentially face criminal proceedings. The information you supply in the application may be shared, as the law allows, for the purpose of preventing and detecting fraud. The offer of a school place may be withdrawn if the application is found to be fraudulent. You must notify the Council immediately of any change in your circumstances – failure to do so or providing false or misleading information may lead to prosecution action being taken against you. As part of the process of ensuring that school places are allocated fairly, Cornwall Council undertakes address checks on a random sample of applications each year to ensure that information submitted by parents/carers is correct. If you are randomly selected you will receive a letter requesting evidence of your current address. Cornwall Council may also request evidence where it is alerted to potential false statements. In either of these circumstances, any concerns about the validity of the information provided may lead to investigation and applicants could face criminal proceedings in addition to the withdrawal of the offer of a school place.

Ready to apply?

Before 15 January 2016 visit www.cornwall.gov.uk/admissions and complete your online application or complete and return the paper application form available on the website or from the School Admissions Team. Only one application for each child can be processed. Please note that if there is a dispute between parents and more than one application for a child is received this could lead to a delay in a place being allocated.

What additional information do I need to provide?

If you believe that you should be given priority based on a particular oversubscription criterion in the school's admission arrangements, please provide as much relevant information as possible with your application to support this. Places can only be allocated using the written information that you give us. If you wish to send any supporting information after you have submitted your application it must be received by the School Admissions Team by 12 February 2016. After this date the allocation process will begin and it cannot be guaranteed that the supporting information you provide will be taken into account.

If one (or more) of your preferred schools is a school with a religious designation, you may also need to complete an extra form or provide additional evidence to help them determine your priority for a place under their oversubscription criteria. You should ask the school whether this is the case and provide the required information direct to the school.

What if my application is late?

Applications submitted after the deadline of 23:59 on 15 January 2016 will not be processed until after all those submitted by the deadline. There will be some delay before a place can be allocated and it is possible that some schools will already be full. **Please note that you will not be able to use the online application system after the 15 January 2016 deadline – you will need to download a paper form from www.cornwall.gov.uk/admissions.**

In exceptional circumstances, for example due to medical reasons, a recent move into the area or a family returning from abroad, an application may be accepted for consideration with those received by the deadline (15 January 2016) if it is received by 12 February 2016, after which the allocation process will begin. If you think this applies to your late application, please ensure that you attach a covering letter to your form explaining why your application is late.

How places will be allocated

Allocation of applications submitted on time

If your application was submitted by the deadline of 23:59 on 15 January 2016 it will be considered at the same time as all other applications received by the deadline. No priority is given on a first-come, first-served basis.

All applicants will be listed in priority order for admission to each school, regardless of whether the school is named as a first, second or third preference. So if you name three preferences, your child will appear on three lists. We will offer places up to the Published Admission Number (PAN) for each school i.e. the maximum number of children that a school will admit to a year group. If your child qualifies for a place at more than one of the schools you have expressed a preference for, a place will be offered at the one you have ranked as your highest preference on your application form – only one offer of a school place will be made for each child.

What if my application was late?

After the allocation of places for on-time applications, known as round one, i.e. those received by 15 January 2016, late applications will be dealt with as follows:

Late applications received before 29 April 2016

The closing date for late applications is 29 April 2016. Late applications received between 15 January 2016 and 29 April 2016 ('round two') but not considered to be exceptional will be dealt with together and parents will be notified by 31 May 2016. Round two late applications for oversubscribed schools will be added to waiting lists after 1 May 2016, together with the names of children who have already been refused places at the school whose parents have indicated that they want their children's names to be added to the waiting list for that school.

Late applications received after 29 April 2016

Applications received after 29 April 2016 until 31 August 2016 will be dealt with on a daily basis but only after the round two allocations have been made. The 'closing' date for these applications will be midnight each day. Applications received after 29 April 2016 for oversubscribed schools will only be added to waiting lists if requested by parents after they have received their refusal.

If a place becomes available at an oversubscribed school it will be allocated to the child at the top of the waiting list (which will list children in the priority order of the LA's or governing body's oversubscription criteria) regardless of whether the application for that child had been late or on-time. However, children who are the subject of a direction by the LA to admit or who are allocated to a school in accordance with the Fair Access Protocol will take precedence over those on the waiting list.

What is the order of priority?

Where there are more applications than there are places available, the school's oversubscription criteria will be used to determine the priority order for places. The oversubscription criteria used to decide on priority for places at a community or voluntary-controlled school are set out below. The oversubscription criteria that apply to voluntary-aided, trust schools and academies are summarised in the list of individual schools later in this booklet or can be found in full at www.cornwall.gov.uk/admissions.

Cornwall Council's Oversubscription Criteria for admission to community and voluntary-controlled primary schools

Oversubscription criteria [1] for admission to reception through to year 6 in the following community and voluntary-controlled primary schools:

- **Bosvigo School**
- **Burraton School**
- **King Charles Primary School**
- **Marlborough School**
- **Penpol School**
- **St Mary's C of E School, Truro**
- **St Stephens (Saltash) Community Primary School**

The following priority order will be used to decide which children should occupy any vacant places, after the admission of pupils where the school is named in their Statement of Special Educational Needs or Education, Health and Care Plan:

1. **Children in care and children who were previously in care** but immediately after being in care became subject to an Adoption, Child Arrangement, or Special Guardianship Order.
2. **Children with siblings** who will still be attending the preferred school at the time of their admission.

3. **Children who live in the designated area** of the preferred school or whose parents can provide evidence at the time of making the application that they will be living in the designated area of the preferred school by the date from which admission is required.

If there are more designated area children wanting places at a school than there are places available after the allocation of children under criterion 2, criteria 4 to 6 below will be used to decide which of these children should have priority for admission. If there are still places available after all the designated area children have been allocated places, criteria 4 to 6 will be used to decide which of the remaining children should have priority for any spare places.

4. **Children with an unequivocal professional recommendation** from, for example, a doctor, school medical officer or educational psychologist, that non-placement at the preferred school would not be in the best interest of the child and that placement at the preferred school is essential. Such recommendations must be made in writing to the Cornwall Council School Admissions Team and must give full supporting reasons.
5. **Children of a parent who is a practicing Christian** (applies to King Charles Primary School and St Mary's C of E Primary School, Truro only).
6. **All other children.**

Oversubscription criteria [2] for admission to reception through to year 6 in a community or voluntary-controlled primary school except for those schools listed in oversubscription criteria [1] and community junior schools

The following priority order will be used to decide which children should occupy any vacant places, after the admission of pupils where the school is named in their Statement of Special Educational Needs or Education, Health and Care Plan:

1. **Children in care and children who were previously in care** but immediately after being in care became subject to an Adoption, Child Arrangement, or Special Guardianship Order.
2. **Children who live in the designated area** of the preferred school or whose parents can provide evidence at the time of making the application that they will be living in the designated area of the preferred school by the date from which admission is required.

If there are more designated area children wanting places at a school than there are places available, criteria 3 to 6 below will be used to decide which of these children should have priority for admission. If there are still places available after all the designated area children have been allocated places, criteria 3 to 6 will be used to decide which of the remaining children should have priority for any spare places.

3. **Children with an unequivocal professional recommendation** from, for example, a doctor, school medical officer or educational psychologist, that non-placement at the preferred school would not be in the best interest of the child and that placement at the preferred school is essential. Such recommendations must be made in writing to the Cornwall Council School Admissions Team and must give full supporting reasons.

4. **Children with siblings** who will still be attending the preferred school at the time of their admission.
5. **Children of a parent who is a practicing Christian** (applies to Flushing C of E School and Marhamchurch C of E School only).
6. **All other children.**

If the criteria outlined previously leave more children with an equal claim than places available, the following tie-breakers will be used:

(i) Children living in designated areas served by more than one school (dezoned areas) who wish to attend one of those community or voluntary-controlled schools.

(a) Where two or more children fulfil the same criterion, priority will be given in the first instance to those children for whom the preferred school is the nearest designated school. Within this category, highest priority will be given to those children who live nearer to the preferred school.

(b) Priority would then be given to those children for whom the preferred school is not the nearest designated school, with highest priority being given to those children in this category who live nearer to the preferred school.

(ii) All other children

For children who do not come under (i), where two or more children fulfil the same criterion, priority will be given to the child who lives nearer to the preferred school.

(iii) Final tie-breaker

Should the tie-breakers above still leave children with an equal claim because distances are exactly the same, random allocation will be used to decide on priority. Cornwall Council's Random Allocation Protocol is available from the Council by request to the School Admissions Team.

Distances

Home to school distances used for tie-breaking will be measured by a straight-line measurement as determined by CAPITA One and supported by Cornwall Council's chosen Geographical Information System (currently dataMap). Measurements will be between your home address using Ordnance Survey's AddressPoint dataset (usually the centre of the main building of the property) and the main gate of the school (as determined by Cornwall Council).

Distances used to determine nearest school with room (i.e. where it is not possible to offer a place at a preferred school) and for establishing transport entitlements will be measured by the nearest available route as determined by Cornwall Council's chosen Geographical Information System (currently dataMap).

Siblings

In relation to the Cornwall Council oversubscription criteria for community and voluntary-controlled schools, 'siblings' means brothers or sisters. They are defined as children with at least one natural or adoptive parent in common, living at the same or a different address. Children living permanently in the same household at the same address would also be counted as siblings, regardless of their actual relationship to each other. To qualify as a sibling a child must be on the roll of the school in question at the date of application, allocation and admission.

Where applications are received on behalf of 'multiple birth siblings' (i.e. twins, triplets, etc.) or siblings whose dates of birth place them in the same chronological year group, every effort will be made to offer places at the same school, which may mean allocating places above the Published Admission Number (PAN) where it is possible. However, where this is not possible, parents will be invited to decide which of the children should be allocated the available place.

Children of a parent who is a practicing Christian

In relation to the Cornwall Council oversubscription criteria for voluntary-controlled schools, this will need to be evidenced by a letter from the Parish Priest or Minister.

'**Parent**' is any person who has parental responsibility or care of the child.

'**Christian**': A Christian church is any church which is a member of Churches Together.

'**Practicing Christian**': This will be subdivided and ranked accordingly in the following priority order and refers to a child or parent, who in the opinion of the Parish Priest/Minister:

- i. is at the heart of the church;
- ii. is attached to the church;
- iii. is known to the church.

These will be defined as follows:

- i. An applicant '**at the heart of the church**' would be a regular worshipper, usually one who worships at least twice a month. To accommodate difficult patterns of work and family relationships account should be taken of week-day worship. The worshipper could be the child for whom application is made or one or both parents. Greatest priority will be given to these applicants.
- ii. An applicant '**attached to the church**' would be a regular but not frequent worshipper, by which is meant (for example) one who usually attends a monthly family or church parade service or is regularly involved in a weekday church activity including an element of worship.
- iii. An applicant '**known to the church**' would not be a frequent but probably an occasional worshipper, someone who is perhaps known through a family connection, or one or more of whose family would be involved in some church activity, such as a uniformed or other church organisation. In this context, 'family' means a parent or sibling.

After you have submitted your application

Will my application be acknowledged?

If you apply online you will receive an automated email response to let you know your application has been submitted successfully. If you do not receive the automated response it is likely that your application has not been submitted correctly and you should contact the School Admissions Team for advice. Paper applications will not be acknowledged unless you include a stamped addressed envelope with your form.

When will I be told about the outcome of my application?

If you submit an online application by 23:59 on 15 January 2016 you will receive an email on 18 April 2016 and a letter which will be sent by post on the same day. If you submit a paper application by 15 January 2016 you will be sent a letter by post on 18 April 2016.

What do I do when I receive my notification?

You do not need to do anything unless you have changed your mind or your circumstances have changed, in which case you should contact the School Admissions Team for advice.

What happens if my child is not offered a place at my preferred school?

The letter will tell you whether you have been allocated a place at your second or third preference schools. If you did not name any other preferences or your other preference schools are also full, your child will be offered a place at the nearest school with room (measured as an actual distance by the nearest available route).

If you are not allocated a place at your preferred school you will have the right to appeal to an independent panel - the letter will tell you how to do this. You will have 20 school days after you receive your notification to appeal the decision. Appeals must then be heard within 40 school days of this deadline.

If your child has a Statement of Special Educational Needs or Education, Health and Care Plan, you will have the right of appeal to the Special Educational Needs and Disability Tribunal. However, in the first instance, you will be advised to contact the Special Educational Needs Assessment and Provision Team (Tel: 0300 1234 101).

When will appeal hearings take place?

By 13 May 2016:	Parents to submit appeals or requests for their children to be added to waiting lists (on-time applications)
June 2016:	Appeals will take place (mainly for on-time refusals)
July 2016:	Appeals will take place (mainly for round two refusals)
July/August 2016:	Appeals will take place (mainly for refusals after round two)

If my appeal is unsuccessful, can I appeal again?

You can only appeal again for a place in the same school within the same academic year if the admission authority for that school has accepted a further application because there has been a significant and material change in the circumstances of the parent or carer, child or school (e.g. a change of address into a school's designated area), but has determined that the new application must also be refused. Please note that a school changing to academy status is not considered to be a significant change.

What about waiting lists?

Cornwall Council and/or the governing bodies of academies, voluntary-aided, foundation and trust schools will maintain waiting lists for at least the first term of the academic year of admission. The waiting list will be based on the school's oversubscription criteria and a child's place on a waiting list is subject to change according to additional information received about applications or children being added to the list – so their place on the list might move up or down. **No priority is given to the length of time that a child has been on the list.** Children in care, children that were previously in care and children admitted as a Fair Access placement will be given priority over children on a waiting list.

What if I change my mind?

If you have been allocated a place at a school but then change your mind and wish to express a preference for a different school, please put your request in writing to the School Admissions Team. Please note that you would have to give up the allocated place and **your changed preference(s) would be processed as a late application** unless it is received before 12 February 2016 (after which the allocation process will begin) and considered to be exceptional.

What if I change address before a place has been allocated?

If you change address before the allocation date of 16 April 2016, you should tell the School Admissions Team in writing. A change of address may affect your child's priority for a place at a school or your entitlement to transport. Address changes should be notified as soon as possible and all such notifications received by 12

February 2016 (after which the allocation process begins) will be taken into account when considering your child's priority for a place at a school. You must provide evidence of the change of address to the School Admissions Team. If you fail to notify Cornwall Council of your change of address and you are allocated a place at an oversubscribed school on the basis of your previous address, **Cornwall Council reserves the right to withdraw that allocation.**

What if I change address after a place has been allocated?

If you change address after the allocation date of 16 April 2016, you should tell the School Admissions Team in writing. A change of address may affect your entitlement to transport. However, as long as your move takes place after the allocation date an allocated place would not be withdrawn if you wish to retain it.

Home to school transport

The responsibility for a child's attendance at school rests with parents/carers. This includes making the necessary arrangements for travel to school, including accompanying your child (or arranging suitable supervision) to and from school as necessary.

Cornwall Council provides transport free of charge to school in line with its duties under Section 508 and 509 of the Education Act 1996 and Schedule 35B inserted by the Education and Inspections Act 2006.

Please note that eligibility for transport to school is assessed separately from admission to school, and allocation of a school place should not be taken as an indication that transport will be provided.

The designated areas used to determine eligibility for transport to school are those defined by Cornwall Council and may occasionally differ from the designated areas used (if any) in an individual school or academy's admissions policy. To find out the designated school(s) for your address visit www.cornwall.gov.uk/admissions or contact the School Admissions Team.

If you are in any doubt as to whether your child would be eligible for home to school transport, please contact the School Admissions Team to confirm before submitting your application.

Will my child be eligible for transport free of charge to school?

Please note that changes to the home to school transport policy for primary aged children come into effect from September 2016. Please read this section carefully as your child's entitlement to transport free of charge may have changed.

From September 2016, transport will be generally limited to those children attending their nearest primary school (or the designated school for your address if it is not the nearest) and living:

- more than two miles away for children in reception, year 1, year 2, and year 3;
- more than three miles away for children aged eight and above in year 4, year 5 and year 6;
- more than two miles away for children aged eight and above in year 4, year 5 and year 6 from families on a low income, defined as being eligible for free school meals or entitled to the maximum level of Working Tax Credit.

Distances for transport purposes are measured using the shortest available walking route as determined by Cornwall Council.

However, transport may also be provided in some other circumstances, such as when a child's special educational needs or disability requires it, the nature of the route is

deemed by the Local Authority to be unsuitable for pedestrian use, or if there are exceptional circumstances.

See the full Home to School Transport Policy at www.cornwall.gov.uk/schooltransport.

To enquire whether your child will be eligible for transport free of charge to school, please contact the School Admissions Team.

What if my preferred school is not the nearest or designated school?

If you are allocated a place at your preferred school and that school is not the nearest or designated school for your address, you will be responsible for transport to that school.

What if I apply for a place for my child at his or her nearest or designated school but he or she is offered a place elsewhere?

If you apply for a place for your child at your nearest (or designated) school but are not allocated a place because the school is full, you will be allocated a place at the school you named as your next preference, or at the nearest school with room if none of your preferences are available.

If the school at which your child is allocated a place is the nearest school to you with room, your child will be eligible for transport to school in accordance with the distance criteria listed on the previous page.

Sustainable travel to school

When you are thinking about the schools you would like your child to attend, it is important you consider the following:

Cornwall Council is fully committed to promoting walking, cycling, bus use (if available) and car sharing for the school journey. We would like as many children to walk and cycle to school as possible instead of being driven by their parents.

Children who walk to school are fitter, have better developed social skills, are more familiar with their surroundings, have better road sense and arrive at school more relaxed and ready to learn.

Walking, cycling or using the bus reduces congestion on the roads. Parents in Cornwall who drive their children to school increase congestion on the roads by 20% and generate approximately 4,000 tonnes of carbon dioxide, the principal cause of human induced climate change.

Where walking, cycling or public transport are not feasible, car sharing may be an option. This can save time and money and helps cut traffic congestion and air pollution as well as being sociable for children. Car sharing can also reduce the costs for children whose families do not own a car.

Children with Special Educational Needs

Children and young people with special educational needs (SEN) have learning difficulties or disabilities that make it harder for them to learn than most children and young people of the same age. These children and young people may need additional or different help.

Many children and young people will have SEN (of some kind) at some time during their education. Early years settings (e.g. nurseries or childminders), mainstream schools, colleges and other providers can help most children and young people succeed with adaptations to their practice and some additional support. But there are a small number of children and young people who will need extra help for most of their time in education and training.

If a school or setting thinks that your child may have SEN they will discuss your child's needs with you, tell you what they will be doing to support them and how you can help. Children and young people identified as having SEN are described as being at 'School Support'.

If you are concerned about your child's needs or progress you should speak to their class teacher first. They may then share your concerns with the school's special educational needs co-ordinator (SENCO). Every school has to have a SENCO. They will also be available to discuss your child's needs and the arrangements to support them.

A very small proportion of children and young people need a more intensive level of specialist help that cannot be met from the resources available to schools and other settings. In these circumstances, you or your child's school or other setting could consider asking Cornwall Council for an Education, Health and Care (EHC) needs assessment for your child. This assessment could lead to your child getting an EHC plan. Some children and young people will have needs that clearly require an EHC needs assessment and plan and when Cornwall Council is aware of them it will start without delay.

Wherever possible, Cornwall Council aims to provide for children with SEN in mainstream schools. However, for children with the highest level of need Cornwall Council has four special schools and some area resource bases (ARBs) attached to mainstream schools. To attend a special school or ARB a child or young person must have an EHC plan. All admissions to special schools and ARBs are decided by Cornwall Council. Placement at a special school outside Cornwall is possible in exceptional cases where no appropriate provision is available in Cornwall. Education is also provided for children in hospital and for those who cannot attend a school or educational setting for medical reasons.

Sources of information and support

SENDIASS

The Special Educational Needs and Disability Information and Advice Service (known as SENDIASS) is an independent service for the parents of children with SEN. It can be contacted by phone or via the SENDIASS website.

www.cornwallsendiass.org.uk

Tel: 01736 751921

The Local Offer

The Local Offer aims to help families of children and young people with SEN by gathering useful information, in one place, so they can make informed choices about support. Cornwall's Local Offer describes the provision and guidance available for children and young people with SEN, aged 0 to 25, with or without an EHC plan.

Visit www.cornwallfisdirectory.org.uk for more information.

SEN Information Report

Every school has to prepare an SEN Information Report. This will be on each school's website. The report needs to include things such as the kinds of SEN support the school provides and arrangements for consulting families and involving them in their child's education.

Department for Education Guidance

The Department for Education has provided a summary guide for families 'Special educational needs and disability Guide for parents and carers August 2014':

www.gov.uk/government/uploads/system/uploads/attachment_data/file/417435/Special_educational_needs_and_disabilities_guide_for_parents_and_carers.pdf

Other information

School meals/free school meals

Universal Infant Free School Meals (UIFSM): From September 2014 all children who are in reception, year 1 or year 2 in a state-funded school are offered a free healthy school lunch. (Children in other school years will also be offered a free school lunch if their parent is receiving any of the welfare benefits listed below.)

Even if your child is entitled to the UIFSM, if you are also in receipt of one of the benefits listed below, **registering could raise money for your child's school.** Registering for free meals could raise an extra £1,300 for your child's school, to fund valuable support like extra tuition, additional teaching staff or after school activities. This additional money is available from central government for every child whose parent is receiving one of the welfare benefits listed below. It is therefore important to sign up for free school meals, even if your child is in reception, year 1 or year 2, so that your child's school receives as much funding as possible.

Your child may be eligible for free school meals if you are in receipt of any of the following benefits:

- Income Support
- Income-based Jobseekers Allowance
- Income-related Employment and Support Allowance
- Support from NASS (National Asylum Support Service) under part 6 of the Immigration and Asylum Act 1999
- the guarantee element of State Pension Credit
- Child Tax Credit (with no Working Tax Credit) with an annual income of no more than £16,190
- Working Tax Credit run-on
- Universal Credit

Please note that Working Tax Credit claimants are NOT eligible for Free School Meals, regardless of what other credit/benefits are being claimed.

You become temporarily eligible to claim free school meals if you receive a Working Tax Credit run-on; this is the payment someone may receive for a further four weeks after they stop qualifying for Working Tax Credit. In order to qualify for free school meals after the four week period expires, you will need to be in receipt of one of the other qualifying benefits listed above.

For more information/to register please visit www.cornwall.gov.uk/schoolmeals, contact schoolmeals@cornwall.gov.uk or call 01872 323298.

For all other pupils, meals are available to purchase at all schools in Cornwall (unless entitled to free school meals as detailed above). It is the parent/carer's responsibility to ensure that their children are provided with money to purchase these meals. Details of the meal prices should be available from individual schools. Facilities are available at schools for pupils who wish to bring packed lunches.

What if I want/need to change schools during the school year?

If you want/need to change schools during the school year, you can apply to Cornwall Council using the In-Year Application Form available on the website www.cornwall.gov.uk/admissions or contact the School Admissions Team.

Fair Access Protocol

All local authorities are required to have a Fair Access Protocol which applies to all schools in their area. This document sets out how Cornwall Council and schools will ensure that a school place can be found quickly for children who haven't been able to secure one during the school year, particularly those children that are considered to be vulnerable. This includes children that are considered to have challenging behaviour where, at the same time, the local authority must ensure that no school is expected to take a disproportionate number of those children. To find out more about the Protocol, please visit www.cornwall.gov.uk/admissions or contact the School Admissions Team.

Service families (UK Armed Forces)

Cornwall Council acknowledges that service families may be disadvantaged when applying for a school place as they are more likely to need to apply outside the normal admissions round when schools may already be full or be unable to provide a specific address ahead of a posting in good time for the relevant admissions processes.

There are certain legislative provisions for the admission of children of service families and processes within the local authority which seek to address the disadvantage that might be experienced by service families. These are described in the local authority's Service Families Protocol along with signposting to sources of support and further information.

It should be noted that the provisions referred to allow for flexibility in order to lessen the disadvantage that might be felt by some service families but they do not offer preferential treatment.

Applications in the normal admissions round and in-year applications will be processed and places allocated **based on the proposed address** (with supporting evidence) **or**, if the family are not able to confirm a proposed address and a unit or quartering address is provided, an allocation will be made based on the **unit or quartering address**. This is to ensure that the child is not left without a school place, although it is accepted that the family may want/need to change their preference when a new address is confirmed in order to try to secure a school closer to that address. The School Admissions Team will then offer support and guidance, advising on available places and likely timescales.

School results

If you would like to know about results and reports for your preferred school or compare schools, you can either have a look at the Ofsted website www.ofsted.gov.uk

which will have the school's last inspection report, have a look at the school's website for results or contact the school direct.

Home School Agreements

Home School Agreements set out what is expected of and for children and families at a school. **You should not be asked to sign an agreement before a place is offered or as a condition for being allocated a place.**

School uniform

A school's governing body are responsible for the school's policy on school uniform. For more information, contact the school - **Cornwall Council does not provide a uniform grant.**

Website: www.cornwallfisdirectory.org.uk (search on 'Family Learning')

Information on individual schools

The following table has basic information about each of the primary schools in Cornwall. For further information, please contact the school direct or visit their website. Explanations for each of the headings in the table are as follows:

School and contact details

The school's name, address, telephone number and website. Enquiries should be directed to the headteacher in the first instance.

School type and age range

This column refers to the school's type (at the time of publication) and age range. Please note that some schools may change their type in the school year starting in September 2015, after publication of this booklet. However, the oversubscription criteria will remain the same for 2016/17. Definitions of school types can be found in the Glossary at the end of this booklet.

2015 on-time applications: PAN and 1st/2nd/3rd preferences

This column lists the school's published admission number (PAN) for 2015/16 i.e. the maximum number of pupils that a school will admit to a year group and the number of first, second and third preference **on-time** applications received for September 2015, followed by the number of on-time applications allocated to places. **It is recommended that you contact the schools you are interested in to find out the accurate details of current numbers on roll as the preferences stated only reflect the on-time applications and not the final numbers that have started at the school which may be different.**

PAN 2016

This column shows the school's published admission number (PAN) for 2016/17. This is the maximum number of children that a school will admit into reception. The number depends on the amount and type of accommodation available at the school and is worked out using instructions set out by the Department for Education. It is agreed before the admissions process begins and normally the school will not offer more places than this number.

Oversubscription Criteria

If the number of applications exceeds the published admission number, the school's oversubscription criteria will be applied. **Please note that this is just a summary of the criteria and you should look on the Cornwall Council website www.cornwall.gov.uk/admissions, contact the school or look on their website for the detailed criteria with definitions to understand how places will be allocated.**

Somebody Else's Child – Everybody's Responsibility

Cornwall Council is urging people in Cornwall to help them ensure the safety and wellbeing of children who are being cared for by someone who is not a direct relative.

Private fostering describes an arrangement when someone who is not a close relative (a close or direct relative is defined as stepparent, grandparent, brother, sister, uncle or aunt - whether full blood, half blood or by marriage) cares for another person's child for 28 days or more. Although this is done by a private arrangement, legally the parent and the carer must notify the local authority where the child is going to live so that the local authority can ensure that the child is being properly looked after. Nobody knows exactly how many children are privately fostered and it is feared that some of these 'invisible' children could be at risk of abuse, or victims of trafficking. According to Government Statistics at 31 March 2015, 1,560 children were reported as being cared for and accommodated in private fostering arrangements in England.

The Council is therefore particularly asking parents and people who work with children to be aware of private fostering and to notify us immediately if they suspect such an arrangement. The general public also has a part to play.

If you are, or think you are, private fostering then please call the Multi Agency Referral Unit on 0300 1231116

Data protection statement

The information on your application form is collected by Cornwall Council as data controller in accordance with the data protection principles contained within the Data Protection Act 1998. This information is collected by Cornwall Council to allow it to carry out its functions in relation to the allocation of school places. Your data may be shared by Cornwall Council with other relevant admission authorities or Council departments (e.g. other local authorities, schools, Cornwall Council's Democratic Services, etc.) for the purpose of dealing with your application and any related matters (e.g. appeals). In addition, the information you provide in connection with your application may be used for the purposes of dealing with matters connected with or ancillary to your child's education (e.g. school transport, school meals, etc.) or the purpose of updating any other records (e.g. social care, health records, etc.) which either the Council or the schools hold in relation to your child. Your data may also be shared, as the law allows, for the purpose of preventing and detecting fraud.

By completing and submitting your application you give your express consent that all data submitted by you may be processed by us in accordance with the above mentioned purposes.

The information you provide in connection with your application will be retained by Cornwall Council and/or the school at which your child is placed for the duration of your child's compulsory education.

You have a right to apply for a copy of the information we hold on you or your child and to correct any inaccuracies. However, please note this does not include the details of any persons who have notified the Council of alleged fraud or the details of any allegations or investigations that may have been carried out. In addition, in the event that you no longer wish us to process the information for the purpose(s) provided you may withdraw your consent at any time by giving us written notice. You should understand, however, that we may nevertheless need to continue processing your personal information in accordance with our statutory obligations to the extent permitted by law.

If you have any concerns regarding the processing of your data then please contact the School Admissions Team.

Please note that although the information contained in this document was correct as at 31 August 2015 in relation to the school year 2016/2017, it cannot be guaranteed that there will be no changes before the start of, or during, the 2016/2017 school year or during subsequent school years.

Feedback

If you would like to give any feedback about the information provided:

- email schooladmissions@cornwall.gov.uk;
or
- write to School Admissions Team, Cornwall Council, County Hall, Treyew Road, Truro, TR1 3AY.

Glossary

Academies are state-funded schools which are independent from the local authority. The governing body sets the admission arrangements but parents/carers still apply to the local authority for a place at the school.

Admission arrangements are the overall procedures, practices and oversubscription criteria used in deciding the allocation of school places including any device or means used to determine whether a school place is to be offered. Admission arrangements are set by the admission authority.

Admission authority is the body responsible for setting and applying a school's admission arrangements. For community and voluntary-controlled schools this body is Cornwall Council. For foundation, trust, voluntary-aided, academy or free schools it is the governing body or academy trust.

Community schools are maintained by the local authority which sets the admission arrangements.

Compulsory School Age/Compulsory Education applies to children age 5-16 and is when parents are required to ensure that they receive a suitable education by regular attendance at school or otherwise.

Co-ordinated admission scheme is the process by which local authorities co-ordinate the allocation of places for schools in the area.

Designated area is a geographical area from which children **may** be afforded priority for admission to a particular school. A designated area is part of a school's admission arrangements and must therefore be consulted upon, determined and published in the same way as other admission arrangements.

Fair Access Protocol is a document that sets out how Cornwall Council and schools will ensure that, during the school year, any children without a school place can be offered a place at a suitable school as soon as possible, even if the school is full.

Foundation schools are maintained by the local authority and the governing body sets the admission arrangements.

Free schools are state-funded schools which are independent from the local authority. Free schools have a similar legal status to academies. Parents/carers still apply to the local authority for a place at the school.

Oversubscribed is where a school has a higher number of applicants than there are places available at the school, which is dictated by the school's published admission number.

Oversubscription criteria refers to the published criteria that an admission authority applies when a school has more applications than places available in order to decide which children will be allocated a place. The oversubscription criteria must be set within the law on admissions.

Published admission number (PAN) is the maximum number of children that a school will admit to each year group. The number depends on the amount and type of accommodation available at the school and is worked out using instructions set out by the Department for Education. It is agreed before the admissions process begins and normally the school will not offer more places than this number.

Special Educational Needs (SEN) statement is a statement made by Cornwall Council under Section 324 of the Education Act 1996, specifying the special educational provision required for that child. This could include a particular school where it is believed that the child would be best placed. The new Education, Health and Care Plan will operate in the same way.

Trust schools are a type of foundation school which forms a charitable trust with outside partners. **Co-operative trust schools** are a model of trust which includes the Co-operative Society as a member.

Voluntary-aided (VA) schools are maintained by the local authority and the governing body sets the admission arrangements.

Voluntary-controlled (VC) schools are maintained by the local authority which sets the admission arrangements.
