Dear Parents/Carers and Children,

We had a super start to our new half term. Everyone was delighted to be back and really enjoyed seeing their friends again. This week we began our new topic, Time Machines. As part of this we are creating a classroom museum to show the children that things change over time. They – and brilliantly some of you too- have really enjoyed exploring and trying out the things we currently have and shown great interest in the differences between now and then. It's lovely to see you and your children having a look and a chat together so please do come in and have a look. We would love to keep adding to our museum too so, if you would like to lend us something we promise to take good care of it. It doesn't have to be anything really old, just look different from what the children are used to. Many thanks. Worker of the week this week goes to Eliza for her wonderful work in P.E. Well done everyone, keep it up!
