

Tregeagle Class Weekly Newsletter

Don't forget if you misplace any newsletter, copies can be found on our website at:

<http://www.polruanprimaryschool.co.uk>

This week

Dear parents/carers and children,

We have been continuing to work on our new topic this week which is linked to caring for and improving the local environment. We completed our environmental artwork in the field (see photos)- every single group produced a stunning piece of natural art. Due to the RNLI visiting us on Wednesday there wasn't enough time to start on our upcycled bird feeders- we will be working on them next week!

Well done with your writing this week Tregeagle- there has been lots of super descriptive work and lots of you have developed your writing in detail.

The year 6s have continued to work hard towards their SATs- good luck for next week! Make sure you get a really good night's sleep on Sunday!

Mr. Smith

Coming up

SATs week for year 6s

Monday-

Please remember to bring in your PE kit for the week

Tuesday-

Internet safety session for parents (1-2.30pm)

Tregeagle rounders club (at the field)

Wednesday-

Open the Book Assembly

Thursday-

Forest school (don't forget your kit!)

Friday-

PE at the field

Who looks after your child?

Monday to Friday- Mr Smith

Thursday pm- Miss Edwards

Mr Monks will be supporting with SATs this week

Mrs Woollaston and Miss Carroll will be supporting the class every day. Mrs Payne will be working with small groups from both Canute and Tregeagle on booster activities.

HOMEWORK

Daily reading with your child (please ensure your child is reading regularly and brings their book in every day with their reading record to school)

I would like to have a maths focus for the homework for a few weeks- please could pupils complete their Mathematics activities by Wednesday- passwords were attached to the newsletters last week (if you don't have access to the internet, please talk to me and we can organise for your child to spend some time before or after school on the activities). Please could you complete between 3 and 5 activities set this week (last week there were more activities set for use in class...well done to those that completed lots!)

We will be making our recycled bird feeders on Monday- if pupils have any more small plastic bottles or small plastic milk bottles they want to bring in, if they haven't done so already, that would be great.

SATs week

Next week our year 6 pupils will be taking their SATs tests. As we have done for the last couple of years, the year 6 pupils will work upstairs while the rest of the class will work in Canute until break- this is to ensure our year 6 pupils can work in complete peace and quiet and can really focus on their tests. We would like the year 6s to arrive at 8.30am so that they have some time to get settled, run through final things they need to remember and have a drink and a snack before they start the test

This week's photos

The photos this week are from our environmental artwork in the field. It was a gorgeous day for it and the pupils worked effectively in their groups to produce some great art work.

What your child will be learning next week

English – Persuasive writing.

Maths- Data handling

Science – We will work on our scientific observation skills.

Forest School and PSHE – Working as a team.

PE – Understanding the concept of quick cricket.

Art- Environmental art inspired by the artist, Andy Goldsworthy.

Geography: We will be working on an environmental piece of research linked to birds

DT: Creating a recycled bird feeder
