

## West Wivelshire Federation

### 2013-2014 IMPACT of the SPORTS PREMIUM

<b>Problem</b>	<b>What we did</b>	<b>Outcome</b>
Swimming Sessions are expensive when travel is included.	Paid for the coach to support all families to be able to pay the voluntary contribution.	All year 6 children left school being able to swim at least 25m by the time they leave the school.
Our semi-sporty & non-sporty children are not active enough.	Invited a dance coach to run an after school dance club. The school contributed to half the running costs.	The club ran successfully across the federation, (raising the activity levels of a third of the school) and for some(5%), introducing them to an out of school club.
KS1 teachers and teaching assistants said that they lacked PE knowledge and skills required to effectively teach PE to a 'good or better level'	Paid for a specialist PE teacher to support the KS1 teacher and teaching assistant.	KS1 teacher feels equipped to deliver 'good' PE lessons.  KS1 teaching assistant feels more equipped to support the class teacher in the effective delivery of 'athletic/games' based PE sessions.
Clubs are primarily for Key Stage 2 children.	PE specialist and teaching assistant ran an after school 'Fun Club' based around athletic activities.	Teaching assistant feels more confident to support individuals in PE lessons.  Teacher is provided with 'good' PE planning. 100% of Key stage 1 children took part in an after school PE club.
Teachers across the federation said that they were less confident to teach dance and gymnastics.	Cover was provided to free up PE specialist teacher to support class teachers to deliver effective PE lessons. Observations were carried out & feedback provided. Class teachers were supported to plan effective units of dance linked to the new 'topics'. Lessons were modelled and team teaching took	Teachers feel more confident to create and deliver 'good' gymnastic and dance lessons.  Children receive high quality PE lessons.

	place to support teachers and teaching assistants to use gymnastic equipment safely and to know how to provide extension and support for children.
